Field Project Work Report-2021-22

Geography Department of our college organised field visit to slum in Ambedkar Nagara Nelamangala. Students along with teachers visited to slum because to know the socio economic changes of slum and their life style.

Their economic conditions, living condition of slum dwellers are poor with their inadequate income and employment, the housing condition of slum, dwellers are poor. It is necessary to provide proper infrastructure facilities in the slum areas, internal roads, drainage system to be improved.

The problem of slum in India started mainly due to overcrowding, bad living condition, lack of basic facilities, high unemployment, extreme poverty and lack of social infrastructure. The Government needs to provide job, education, health care and infrastructure to solve urban poverty in India. By visiting the slum the students came to know the socio-economic changes of the slum in recent days.

INTRODUCTION

A Slum is a highly populated urban residential area consisting of densely packed housing units of weak build quality and often associated with poverty. The infrastructure in slums is often deteriorated or incomplete. They are primarily inhabited by impoverished people. Although slums are usually located in urban areas in some countries they can be located in suburban areas where housing quality is low and living conditions are poor while slums differ in size and other characteristics, most lack reliable sanitation services, supply of clean water, reliable electricity, law enforcement, and other basic services .

Slum residences vary from shanty house to professionally built dwellings which, because of poor quality construction or lack of basic maintenance, have deteriorated (Nelamangala map). Due to increasing urbanization of the general populace, slums became common in the 19th to late 20th centuries in the United States and Europe. Slums are still predominantly found in urban regions of developing countries, but are also still found in developed economies. The world's largest slum city is found in orange, Karachi, Pakistan.

Slums form and grow in different parts of the world for many different reasons causes in clued rapid rural - to- urban migration, economic, stagnation and depression, high unemployment, poverty, informal economy high unemployment poverty informal economy, forced or manipulated ghettoization poor planning politics natural disasters, and Tran form slums in different countries.

With varying degrees of success, include a combination of slum removal, slum relocation, slum upgrading, urban planning with city wide infrastructure development, and public housing.

A team of 3rd BA 2021-22, visited the Slum area, and collected data with regularly to their Social - Economic activities for about two weeks and Questioned in different aspects of individuals and families of the slum dwellers after analysing the data collected by the team with our HOD Dr K N Amarendra Sir we come to a conclusion of Criteria's.
